

Surgical course

OTC Level IV: Bone infections

May 7 - 8, 2026

Amsterdam, the Netherlands

DoubleTree by Hilton Amsterdam Centraal Station

Dear Ortho/Trauma surgeon,

We invite you to attend the upcoming OTC Level 4 course on Bone Infections organized by The Dutch chapter of the OTC.

This course is designed for advanced ortho/trauma surgeons seeking to deepen their expertise. Led by distinguished faculty, this focused program offers comprehensive instruction and practical insights into the latest techniques for managing bone infections and defects.

We are looking forward to seeing you in Amsterdam, welcome!

Prof. Taco Blokhuis

Maastricht UMC+
the Netherlands

Osteosynthesis &
Trauma Care Foundation
