

SMART HEALING SUMMIT 2025

NOVEMBER 27-28, 2025
AMSTERDAM

Dear orthopedic/trauma surgeon,

We are glad to welcome you to the Netherlands for the Smart Healing Summit 2025!

This event is driven by surgeons and by our shared need to connect and exchange knowledge about bone infection surgery. We discuss the complex approaches to fracture related infections and the applications of bioactive glass S53P4 (Bonalive®).*

This year's program is designed for maximum interactivity following a flipped lecture approach: you, the participants, are in the driver's seat. Welcome!

Prof. Taco Blokhuis
Summit Chair
Orthopedic trauma Surgeon,
Maastricht MUMC+, the Netherlands

Faculty

Adj. Prof. Nina Lindfors
